Did you know that a recent study by Advertising Specialties Institute revealed that:

- More than 8 out of 10 (84%) respondents remembered the advertisers of the promotional products they received.
- 42% of respondents had a MORE favorable impression of an advertiser after receiving the item. And nearly a quarter (24%) said they are MORE likely to do business with the advertiser on the items they receive.
- Most respondents (62%) have done business with the advertiser on a promotional product after receiving the item.
- The majority (81%) of promotional products were kept because they were considered useful.
- More than three-quarters of respondents have had their items for more than 6 months.

Goodway Group believes in responsible print manufacturing. As such, we work in a worker-safe facility that meets or exceeds all known safety codes and recommendations. We recycle as much material (paper, plates, cartons etc.) as possible and have upgraded to energy-efficient lighting throughout the plant and administrative offices. We use recycled and/or agency certified paper made with trees cut from responsibly managed, sustainable forests.

CHOOSE TO PRINT!

It is a myth that printing is bad for the environment! The paper industry plants more than it harvests and today there are 25% more trees in the developed world than there were a century ago. Paper is BIODEGRADABLE, RENEWABLE, and SUSTAINABLE. Growing and harvesting trees provides jobs, and forestry plantations provide clean air, clean water, wildlife habitat, and carbon storage. A decline in the demand for paper products risks a decline in sustainably managed re-growth forests. The inks we use are made from vegetables... no more solvents and toxic chemicals! USE PRINT: it is GREEN, it is tangible, it is more effective than electronic media in getting your message across; and when recycled, it will come back to us in a variety of paper-based forms.

Goodway Group consistently provides us with a quality product at a reasonable price—a combination that's hard to find. Our rep works tirelessly to meet deadlines and to satisfy our needs.
